L'ÎLE MAURICE ACCÈDE À LA PRÉSIDENTE DE LA COI

L'île Maurice a accédé à la présidence de la Commission de l'Océan Indien (COI) à l'issue du 37ème Conseil des ministres qui s'est tenu à Madagascar avant-hier. C'est le ministre Mahen Seeruttun, qui assume la suppléance au ministère des Affaires étrangères, qui représentait Maurice à cette réunion. Il a pris le relais de la ministre malgache des Affaires étrangères, Yvette Sylla. Cette réunion a été l'occasion, entre autres, d'adopter le nouveau Plan de développement stratégique 2023-2033 de la COI et de faire le point sur les actions en cours dans les domaines de la paix et de la stabilité, de la sécurité maritime, de l'environnement et du climat, de la santé, de la formation, de la culture ou encore de la modernisation de l'organisation. Le Secrétaire général de la COI, le Professeur Vêlayodom Marimoutou, a rendu compte de l'activité du secrétariat général et a présenté le plan stratégique décennal, intitulé "L'Indianocéanie en partage". Ce plan fixe la vision, les axes stratégiques et le cadre opérationnel de la COI pour les dix prochaines années. Il fait la part belle à la préservation et à la gestion des biens publics régionaux, notamment la stabilité, la sécurité et la résilience. Le plan confirme également la volonté des Etats membres de coopérer davantage dans les domaines économiques et commerciaux et d'amplifier les actions pour l'épa-

nouissement humain et l'inclusivité sociale. Dans son discours, Mahen Seeruttun a souligné combien il est primordial de créer un espace économique et commercial intra-COI. Cet espace, a-t-il dit, doit tenir compte des disparités entre les Etats membres afin de favoriser une intégration économique harmonieuse. Il a ajouté qu'il faut considérer cet espace comme une plateforme propice à l'élaboration d'un

processus de libéralisation commerciale sur mesure pour les États insulaires vulnérables en répondant à leurs besoins spécifiques. Les huit priorités de la présidence mauricienne Mahen Seeruttun, a présenté les priorités de la présidence mauricienne qui s'établissent comme suit : (i) la sécurité maritime avec le ren-

forcement continu de l'architecture régionale de partage d'information et de coordination d'opérations en mer, (ii) la création d'un espace économique et commercial renforcé à travers la connectivité et la facilitation des échanges, (iii) la relance économique post-Covid en mobilisant les partenaires, (iv) le renforcement du plaidoyer auprès des observateurs et partenaires de la COI à travers un dialogue régulier et resserré, (v) favoriser une plus grande synergie entre la COI et l'Indian Ocean Rim Association (IORA) pour une collaboration plus étroite, (vi) le soutien à la présidence comorienne de l'Union africaine notamment sur le développement de l'économie bleue et la pleine prise en compte des spécificités des Etats insulaires d'Afrique, (vii) le plaidoyer des Etats insulaires en développement notamment dans la perspective de la prochaine conférence des Nations unies sur les Petits Etats insulaires en développement en 2024, et (viii) l'accréditation au Fonds vert pour le climat et aux neuf piliers de l'Union européenne.

A cet égard, l'Union européenne et l'Agence Française de Développement (AFD), qui sont les deux principaux partenaires de la COI, ont réitéré leur soutien aux actions de la commission, notamment pour la sécurité maritime et alimentaire, la résilience climatique, la culture et la santé.

MÉTÉO

Fabien continue à s'affaiblir

La tempête tropicale modérée « Fabien » était à environ 1920 km au nord-est de Maurice, à 16h hier. Il est prévu que ce système s'affaiblisse davantage durant les prochaines 24 heures et selon les services météorologiques de Maurice, il n'influencera toujours pas le temps sur les Mascareignes durant les cinq prochains jours.

Dans la matinée d'hier, Fabien s'était affaibli, devenant une tempête tropicale modérée. A 13h hier, Fabien était centré autour du point de latitude 9.0 Sud et de longitude 71.5 Est et se déplace vers l'Ouest-Sud-Ouest à 8 km/h. Les conditions environnementales près de la région équatoriale étaient auparavant favorables, Fabien atteignant son intensité maximale en tant que cyclone tropical intense dans l'après-midi du mardi 16 mai. Par la suite, il s'est affaibli en cyclone tropical dans la matinée du mercredi 17 et en une violente tempête tropicale dans la matinée d'hier.

Les produits de prévision numérique du temps disponibles s'accordent à dire que le système devrait se déplacer lentement d'ouest en sud-ouest dans un environnement atmosphérique défavorable à l'intensification. Après le lundi 22 mai, le système devrait suivre une direction

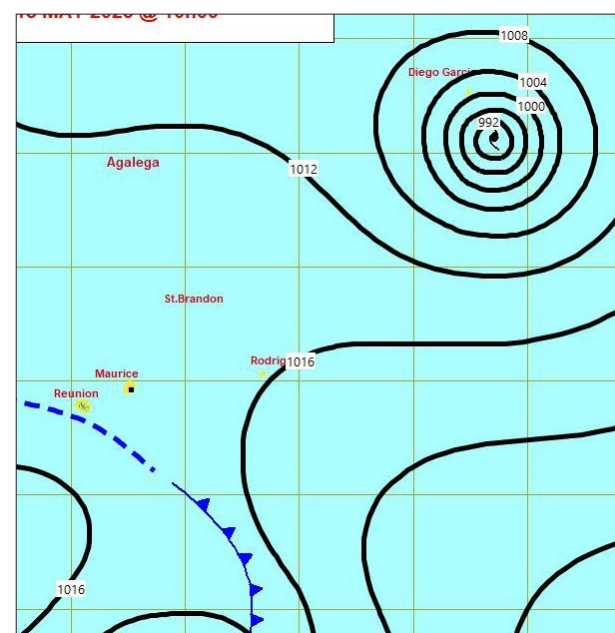

générale vers l'ouest tout en s'affaiblissant davantage.

En ce qui concerne le temps local, la station de Vacoas indique qu'un vent léger souffle sur notre région. Un beau temps est attendu dans la matinée de ce vendredi 19 mai. En revanche, des développements nuageux sont prévus dans l'après-midi, principalement sur la partie ouest de l'île et sur le plateau central avec des averses localisées. Ailleurs, le temps restera beau.

La température maximale sera entre 25 et 27 degrés Celsius sur le plateau central et entre 29 et 32 degrés Celsius sur le littoral. Le vent soufflera du secteur Est à environ 10 km/h. La mer sera forte au-delà des récifs avec des houles du sud-ouest de l'ordre de 2 mètres 50. Les sorties en haute mer de même que dans les lagons de l'ouest et du sud sont déconseillées. Toutefois, l'état des lagons de l'ouest et du sud s'améliorera graduellement au courant de la journée.

Ce week-end, des averses localisées sont attendues dans l'après. Samedi, les régions de l'ouest et du plateau central seront concernées

par les averses localisées. Le vent soufflera toujours de l'Est à environ 10 km/h. Dimanche, ce sont les régions du nord-est et du plateau central qui seront touchées par les averses localisées. Le vent changera de trajectoire et soufflera du secteur est-sud-est à environ 10 km/h. La mer restera forte pendant le week-end. Ceci dit, les sorties en haute mer ne sont pas conseillées jusqu'en fin de semaine.

JOURNÉE MONDIALE DES ABEILLES

Formation de 12 apiculteurs amateurs à Savannah Connected Countryside

Il y a un an, le Smart Village Savannah Connected Countryside lançait une formation en apiculture pour marquer la journée mondiale des abeilles, célébrée le 20 mai. Un an plus tard, Savannah fait le point sur cette initiative, qui vise à former des résidents du village et les sensibiliser sur l'importance de la préservation des abeilles. Dispensée par Eric Laval, apiculteur expérimenté et fondateur de « Les Abeilles de la Baraque », la formation a permis à 12 apiculteurs amateurs d'acquérir les connaissances et le savoir nécessaires pour prendre soin des abeilles.

Chaque troisième samedi du mois, pendant une période de 12 mois, les 12 participants se rassemblaient à La Place de Gros Bois avant de se rendre aux Vergers de Gros Bois, où deux ruches issues d'un essaim découvert dans un arbre sur un chantier de construction à Savannah étaient installées. Le surplus de miel récolté était ensuite mis à la disposition de l'entreprise « Les Abeilles de la Baraque », dans le but de favoriser son développement. « Je restais toujours loin des ruches avant, par peur de me faire piquer. La formation m'a appris à retrouver cet équilibre avec la nature. Les colonies d'abeilles sont fascinantes et impressionnantes de par leur savoir-faire. Lors de cette formation, j'ai pu approcher les ruches en toute sérénité grâce aux bons conseils et techniques de l'apiculteur accompagnant. J'encourage les autres à s'in-

itier à l'apiculture et adopter une politique de reboisement pour que les abeilles aient des espaces verts pour survivre. L'apiculture a été une agréable découverte. Maintenant je pense éventuellement faire des cours plus poussés en vue d'avoir la certification d'apicultrice. J'ai également hâte de me lancer et de récolter mon propre miel », avance Mylène Marcel, participante à la formation.

Vincent Lagesse, Property Development Manager chez ENL Property, souligne l'importance de protéger les insectes pollinisateurs. « La protection des pollinisateurs doit être une des priorités de notre temps. ENL Property développe Savannah Connected Countryside en harmonie avec la nature environnante, préservant le cachet authentique du Sud. Depuis le début des travaux aux Vergers de Gros Bois il y a maintenant plus de 10 ans, nous avons planté plus de 15 000 arbres et arbustes sur le territoire. Les Tiny forests que nous comptons planter viendront également enrichir la biodiversité du lieu, offrant de quoi butiner aux abeilles », dit-il.

Avec cette formation en apiculture, Savannah s'intègre parfaitement dans le thème 2023 de la Journée mondiale des abeilles : « Volons au secours des abeilles – Pour une production agricole respectueuse des pollinisateurs ».

SALT OF PALMAR MET LES ABEILLES À L'HONNEUR

Sensibiliser la population locale au rôle-clé joué par les abeilles dans la préservation de l'écosystème et l'approvisionnement alimentaire, tel est l'objectif affiché par SALT of Palmar dans le cadre de la Journée mondiale des abeilles. À cette occasion, l'hôtel a concocté tout un programme d'activités pour inciter les Mauriciens à mieux connaître les abeilles tout en profitant d'offres promotionnelles exclusives.

Rempli de protéines, de vitamines et d'acides aminés, le miel apporte une valeur thérapeutique pour la peau étant donné sa capacité à agir comme un exfoliant naturel. C'est dans cette optique que le spa - SALT Equilibrium propose aux adeptes des soins du corps, un massage au riz et au miel. D'une durée de 60 minutes, dont 30 minutes de gommage, ce massage anti-oxydant libère les pores et apaise la peau pour un effet relaxant inédit.

Lors de cette Journée mondiale des abeilles, SALT of Palmar aura également le plaisir d'accueillir Christopher Jost, le fondateur de The Bee Guy et de Save The Bees, en tant que hôte de cet événement. Outre la construction de ruches pour mettre les abeilles dans des lieux sûrs, cet amoureux de la nature effectue également de la formation à travers des séances de sensibilisation axées sur l'importance des abeilles.

Le programme des activités

- 07h00 – 10h30 : Pâtisseries, pains et confitures maison fraîchement sortis du four au SALT Bakery
- 07h00 – 10h30 : Rencontre avec The BeeGuy à la table communale pour comprendre l'apiculture et les avantages du miel frais. Une dégustation de miel est également incluse.
- 10h30 – 11h15 : Session DIY : fab-

rication d'un gommage maison à base de miel avec notre thérapeute.

- 11h00 – 12h00 : Atelier de cookies à base de miel avec le boulanger du SALT Bakery avec un supplément
- 11h00 – 15h00 : Atelier de fabrication de bougies par The BeeGuy
- 12h00 – 15h00 : Déjeuner à The Good Kitchen. Saviez-vous que nous avons une spéciale vinaigrette au miel pour accompagner la salade du jour ?
- 15h30 – 16h00 : Cours de Mixologie avec notre barman à The Rooftop Bar (dépendant de la météo / frais applicables)
- 16h00 – 17h00 : Afternoon F&B Experience avec gaufres et crêpes à The avec un supplément (Thé glacé et smoothie à base de miel également disponibles)
- 19h00 – 22h00 : Les spécialités à base de miel au restaurant The Good Kitchen

PROTECTION DES CONSOMMATEURS

« MOPRI » pour un meilleur contrôle des prix des produits de consommation

Le lancement de l'application mobile « MOPRI » a eu lieu hier à Ebène en présence du ministre des Technologies, Deepak Balgobin, le ministre du Travail et ministre du Commerce, Soodesh Callichurn. Cette application de surveillance et de contrôle des prix permettra aux consommateurs d'avoir une meilleure visibilité lors de leurs achats, grâce à ses fonctionnalités.

Nous en avons parlé dans nos colonnes le mois dernier et depuis hier, l'application mobile « MOPRI » a vu le jour et est destinée aux utilisateurs ainsi qu'aux inspecteurs pour un meilleur contrôle des prix des produits de consommation. Ses nombreuses fonctionnalités englobent notamment un comparateur de prix et un panier de produits, et offre également la possibilité de signaler un problème. Il s'agit d'une initiative conjointe de Verde Frontier Solutions Ltd, du ministère des Technologies et du ministère du Commerce. A savoir que cette application a été élaborée dans le cadre du programme 'Public Sector Transformation' du Mauritius Research and Innovation Council.

Lors de son allocution, le ministre Balgobin a déclaré que le lancement de l'application « MOPRI » marquait un tournant pour le service public, en particulier dans le secteur des services de contrôle et de surveillance des prix, qui constituent une mesure importante du statut du commerce et des affaires dans l'économie. « Le projet "MOPRI" était la deuxième initiative menée à bien dans le cadre du programme 'Public Sector Transformation' », a-t-il souligné. Car la création de la première application visait à soutenir des projets collaboratifs innovants qui testaient de nouvelles approches/technologies par des start-ups et des PME afin d'améliorer les processus et la prestation de services dans le secteur public. De plus, Deepak Balgobin a réitéré l'objectif de son ministère d'établir l'écosystème adéquat pour que Maurice adopte l'innovation, tout en appelant à un nouvel état d'esprit envers la créativité, l'innovation et l'entrepreneuriat au sein de la population.

Quant au ministre Callichurn, il a souligné que le lancement de 'MOPRI' témoignait de l'engagement et de la détermination du gouvernement à fournir à la population le meilleur soutien et la meilleure protection possibles face aux difficultés économiques internationales qui ont, sans aucun doute, eu un impact sur leur pouvoir d'achat. « L'application "MOPRI" serait un outil fondamental, accessible à tous les membres du public et aux parties prenantes, leur permettant de comparer les prix des produits et de prendre une décision d'achat intelligente. Elle signalera automatiquement tout cas de décalage de prix par rapport aux prix de détail réglementés relevant de la compétence du ministère », a-t-il fait ressortir. Le ministre a affirmé que la nouvelle application devrait être davantage axée

sur les citoyens, les consommateurs ayant accès aux prix de détail d'un panier de 100 produits, soit plus de 450 marques diffusées sur "MOPRI" de manière impartiale. « Le panier de produits défini sera bien entendu revu régulièrement », a-t-il ajouté.

Une nouvelle étape franchie

Selon Soodesh Callichurn, avec la mise en œuvre du projet, le pays franchit une nouvelle étape dans la protection des consommateurs, car « MOPRI » facilitera la tâche en simplifiant la surveillance des prix. Il a indiqué que l'application faciliterait également le signalement des plaintes directement par les consommateurs, presque instantanément, et permettrait de suivre les progrès réalisés dans la résolution des problèmes signalés. « L'application permettrait également de signaler les commerçants défaillants, ce qui permettrait aux agents de mon ministère de réagir plus rapidement et de mener à bien leurs tâches d'exécution », a-t-il précisé.

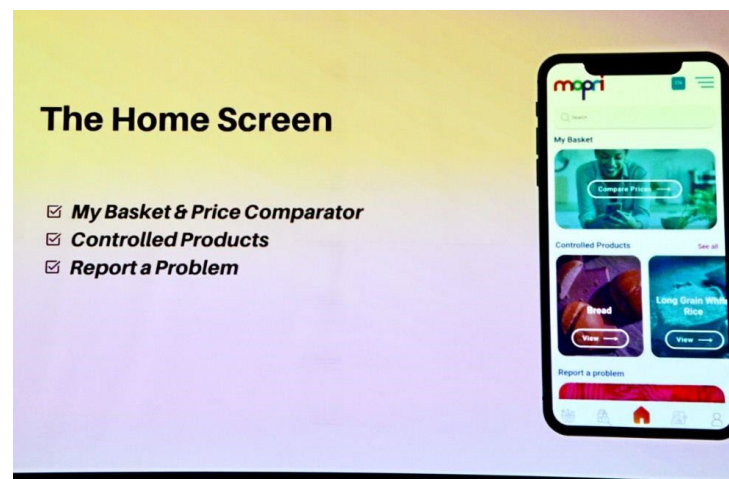

Par ailleurs, le ministre Callichurn est revenu sur les facteurs externes qui ont eu un impact sur le prix des produits de consommation et, par conséquent, sur le revenu disponible du consommateur et son niveau de vie, à savoir la pandémie de COVID-19 et la guerre entre la Russie et l'Ukraine. « Le gouvernement avait renforcé les mesures, y compris l'octroi de subventions sur les produits de base et le contrôle des prix sur les produits de grande consommation, afin d'atténuer les effets de la crise », a-t-il indiqué. Le ministre a, en outre, rappelé que le gouvernement s'était engagé à fournir un filet de protection aux consommateurs tout en rappelant que de nombreuses mesures avaient été prises par le gouvernement, s'élevant à plus de 125 milliards de roupies en termes de subventions et d'autres mesures de soutien.

Application « MOPRI »

« MOPRI » est une application mobile destinée aux utilisateurs et aux inspecteurs qui, d'une part, offrira aux consommateurs une meilleure visibilité des prix des produits de grande consommation et, d'autre part, aidera les agents de l'unité des affaires de consommation à s'acquitter de leurs tâches.

Les objectifs de l'application mobile sont de fournir des informations aux membres du public sur les prix des produits les plus consommés dans les principaux points de vente ; d'être une application mobile d'inspection pour les agents de l'unité des affaires de consommation ; d'être un site web pour le processus d'information ; de fournir des installations d'arrière-plan pour le traitement des plaintes et la gestion de l'interaction entre les utilisateurs ; et de générer des rapports analytiques qui seraient utilisés pour la formulation d'une politique fondée sur des preuves. L'appli-

cation peut être téléchargée sur App Store, Google Play et AppGallery depuis hier.

EDUCATION

La ministre réaffirme l'engagement du gouvernement à promouvoir l'intérêt supérieur des enfants

Le gouvernement s'efforce constamment de promouvoir l'intérêt supérieur de tous les enfants, comme en témoigne la philosophie des neuf années de réforme continue de l'éducation de base, basée sur l'équité, l'inclusion et la qualité. C'est ce qu'a déclaré la vice-Première ministre (VPM), ministre de l'Éducation, de l'Enseignement supérieur, de la Science et de la Technologie, Leela Devi Dookun-Luchoomun, en conférence de presse à Ebène, hier.

Selon la ministre de l'Éducation, les travaux concernant la réforme ont commencé en 2017 au niveau primaire avec une série de programmes, tels que, entre autres, le profil de développement de l'apprenant, le programme de préparation à l'école primaire et l'éducation holistique pour lesquels plus de 700 enseignants holistiques ont été recrutés. Elle a rappelé que, dans un esprit d'équité, le ministère veille à ce que tous les élèves soient exposés à la tech-

nologie. A titre d'exemple, les enfants des Grades 1, 2, 3 et 4 ont déjà leurs tablettes tandis que ceux des classes 5 et 6 recevront bientôt les leurs. « L'Early Support Programme a également été introduit afin d'accompagner les enfants qui ont besoin d'une attention supplémentaire. Tous ces programmes et mesures ont été mis en place dans le but d'assurer que tous les enfants puissent réussir sur le plan scolaire » affirme Leela Devi Dookun-Luchoomun. En outre, elle a réitéré l'effort du gouvernement de veiller à ce que chaque enfant bénéficie de neuf années d'éducation de base continue. « En fait, la recherche a prouvé que les enfants qui en bénéficient sont suffisamment mûrs pour des études supérieures ou une formation technique. Ce modèle d'éducation a été mis en place dans plusieurs pays à travers le monde et a donné des résultats positifs », a-t-elle rassuré.

Parlant du rapport de la Banque mondi-

ale, elle a souligné que depuis sa publication à ce jour, beaucoup de travail a été effectué par son ministère afin de garantir que tous les enfants puissent réaliser leur potentiel selon différentes voies. Elle a également précisé que toute la pédagogie autour de l'« Extended Programme » vise à reconstruire la confiance en soi et la motivation de l'enfant afin de réussir ses premières années de vie.

A rappeler qu'en 2018, quelque 2 000 enfants du programme étendu ont passé les examens du National Certificate of Education et la plupart d'entre eux ont reçu un « Attainment Certificate ». Environ 71 ont été admis en 10^e année, tandis que quelque 487 ont rejoint le Mauritius Institute of Training and Development. Les progrès de ces enfants sont surveillés en permanence par le ministère de l'Éducation, de l'Enseignement supérieur, des Sciences et de la Technologie.

A PLAINE MAGNIEN

Un système Bio-Farming Agro-Ecology installé dans une école primaire

La Mohabeer Burrenchobay Government School à Plaine Magnien est désormais dotée d'un système Bio-Agriculture Agro-Ecologie. Ce projet est le premier de son genre à être implémenté dans une école primaire et est parrainé à hauteur de quelque Rs 59 000 par Omnicane Limited. Le projet a été inauguré par le ministre des Infrastructures Nationales et du Développement Communautaire, Bobby Hurreeram, le 17 mai dernier.

Le député, Rameswar Doolub ; le directeur du développement durable du groupe Omnicane Limited, Rajiv Ramlugon ; le Directeur de FarmBasket et membre du Rotary Club d'Albion, Ravi Rambujoo ; la directrice de l'école publique Mohabeer Burrenchobay, Simla Potavadoo; l'éducatrice holistique et coordonnatrice du projet, Nawsheen Dullul; et d'autres personnalités étaient également présentes à cette occasion.

Bobby Hurreeram a profité de l'occasion pour saluer cette initiative, d'Omnicane Limited et du Rotary Club d'Albion, qui vise à sensibiliser les étudiants sur la nécessité d'atteindre la sécurité alimentaire et l'auto-suffisance, qui est l'un des principaux objectifs du gouvernement. Il a souligné que ce projet ressemble à un jardin potager, où les fruits et légumes sont cultivés pour son propre usage dans le but d'être moins dépendant des produits importés. Le ministre a également souligné l'importance d'inculquer de telles valeurs aux jeunes afin que les générations futures puissent manger sainement et rester en bonne santé.

Pour sa part, Rameswar Doolub, a expliqué que le projet est approprié car les élèves auront l'occasion d'apprendre les bonnes pratiques et d'encourager leurs parents et leurs pairs à cultiver des légumes pour leur propre usage. Il a également exprimé l'espoir que le projet soit mis en œuvre dans d'autres écoles du pays. « Cela permettra non seulement aux élèves de consommer des aliments sains mais aussi de pratiquer une activité physique », a-t-il ajouté.

Ce projet, selon Rajiv Ramlugon, est un bon exemple de développement communautaire durable. Il précise que les élèves pourront ainsi cultiver des produits biologiques tout en respectant l'environnement. Quant

à Ravi Rambujoo, il a fait remarquer que le projet, également connu sous le nom de « Sprout Club », permettra aux étudiants d'apprendre à cultiver des fruits et des légumes sans utiliser de pesticides. Et d'ajouter que FarmBasket fournira également le savoir-faire nécessaire pour mettre en œuvre efficacement ce projet.

Enfin, la coordonnatrice du projet, Nawsheen Dullul, a souligné que le projet Bio-Farming Agro-Ecology fait partie de l'initiative Eco-School. Selon elle, le concept de « Sprout Club », qui cible les élèves de 5e année, s'articule autour de la bio-agriculture tout en promouvant une économie circulaire grâce à la durabilité. « Ce projet d'agro-écologie bio-agricole encouragera les étudiants à devenir auto-résilients pour un pays plus durable et plus vert », a-t-elle conclu.

MARYAM BOUQCAKES

“Each petal is made with love so that each cupcake looks like an actual flower”

She brings cupcakes to life, which are a feast for the eyes as well as the tasting buds. Maryam Dowlut talks about her business, Maryam Boucques, and the particularities of these lovely desserts.

How was Maryam Boucques created?

I started Maryam Boucques after the birth of my first baby Boy. I knew right away I'm not returning to a 9 to 5 job. I didn't want to miss his first steps and any of his laughs. I was always passionate about baking and desserts. I started learning from scratch when I was pregnant and had no idea I would start something like Maryam Boucques. It just came naturally.

Tell us more about the concept of Maryam Boucques.

I started making floral cupcakes. I wanted to make pretty flowers but edible. I wanted to make them look pretty and taste delicious at the same time. We make floral cupcakes in boxes and in bouquets form. So, if you're looking for something different to give someone special a cupcake bouquet is a very good idea! Couples loved this idea for valentines.

Since its launch, how has this business been doing?

I think they are impressed to see how creative a cupcake can be. Some of them would ask if they were real flowers. I'm very happy to have positive feedback from Mauritians. They are a very supportive community.

How does Maryam Boucques differ from other competitors in this area?

Creativity! I think if you are creative, you'll always stand out from the crowd. It's creative and its made with love.

What are the particularities of Maryam Boucques?

Each petal is made with love so that each cupcake looks like an actual flower. We are very happy to launch this type of cupcakes in Mauritius. Our cupcakes are eaten cold like a dessert.

Where do you draw your inspiration from?

Some of the cupcakes are inspired by natural flowers. We have a lot of resources nowadays We have social media and different platforms that we can use to learn and research.

Other upcoming products.

I hope so. I am currently working on a new project. I hope Mauritians will love the new dessert as much as they loved the first product.

More upcoming projects ?

We hope to be able to expand the business and try different products. We love baking and trying out new recipes. We would love to launch new desserts soon.

Next step is to supply creative boucques for special events such as weddings, birthdays, concerts, or any events. We would love to see our creations in weddings especially.

ARTS PLASTIQUES

Rishi Seeruttun, l'art du feu.

Cela fait trente ans que Rishi Seeruttun joue avec le feu. Sans même se brûler. Mais juste pour mettre de la chaleur dans le regard de ceux qui se laissent hypnotiser par ses créations. Un des premiers, si ce n'est le seul, à maîtriser l'art du feu, il donne ainsi une nouvelle tournure chaleureuse aux arts plastiques locaux.

Dans le cadre du 40^e anniversaire du Salon de Mai, les regards ne peuvent ignorer l'œuvre présentée par Rishi. Une mise en bouche qui perpétue une carrière commencée sur les bancs du collège Saint-Joseph. Il en sort premier en Arts aux examens de la School Certificate, en 1989, et met donc le cap sur l'univers artistique. A son General Certificate of Education, en 1991, il obtient encore un A en Arts. Ce n'était pas encore le F du feu, qui l'étreindra plus tard.

Pour se perfectionner encore plus dans son domaine, il entame, de 1992 à 1994, un cursus universitaire à l'université de Maurice, et obtient un diplôme en Textile Design. Il prolonge aussi avec la filière des beaux-arts, jusqu'en 1996, au Mahatma Gandhi Institute.

Le jean surtout lui tape dans l'œil, et il y voit un moyen de parler de ce monde coloré, qui va du Far West aux catwalks des maisons de mode en Europe et aux Etats-Unis. Et on pourrait dire de Rishi que l'homme descend donc du linge. Et que le vestimentaire a habillé ses rêves d'artiste.

D'ailleurs, il faudra un jour interroger toutes ces amazones, femmes de la Zone Franche, qui elles aussi ont construit ce pays, penchées sur des Singer électriques. Demander aussi à Rishi pourquoi il a préféré cette filière. Pour partager la souffrance des amazones ? Ou pour s'imprégner du bleu de méthylène qui donne son ton au jean ?

Toujours est-il que ses parcours, tant au Saint-Joseph, qu'à l'université de Maurice, au MGI ou au Na-

tional Handicraft Centre, ne sont pas cousus de fil blanc. Ce qui fait que ses travaux ont très vite été recherchés, et lui vaut d'exposer, dans des résidences ou ateliers de travail, au Salon de la Formation, en 1993, à Curepipe, au Salon des Talents Prometteurs, sous l'égide de l'Institution pour le Développement des Arts de l'Océan Indien, en 1996, et où il obtient le Grand Prix.

Son art s'affirme, et il dompte le feu, pour le privilège d'en faire étalage à son public. Il cumule les expositions et les prix, que ce soit pour la Mauritius Offshore Business Activities Authority, ou pour Séquences, Rishi joue à Jean Rosny aîné et met en scène sa guerre du feu. Les Salons de Mai qui se succèdent, de 2003 à ce jour, le voient funambule des flammes mariées au fil du textile. En somme, un homme en « art moni » avec son environnement, et qui accoutre le quotidien de plus beaux atours.

En 2006, avec « Why », il fait son premier solo à la galerie du Mahatma Gandhi Institute, et l'année suivante, il est en Tanzanie pour l'East African Art Biennale. La traversée du « kala pani » ne tue pas le feu sacré qui dort en lui. Et pour décontenancer encore plus, il s'invite à « Isi laba », lors du lancement de l'album de Daniella Bastien, en 2015.

Même l'avènement de la pandémie ne l'arrête pas. Toujours aussi créatif, jonglant avec le feu, Rishi Seeruttun n'a de cesse de prouver que se brûler les doigts, à défaut de transformer en Icare, donne juste envie de proposer des choses tout feu, tout flamme. Aux dernières nouvelles, son tableau vous attend au Salon de Mai. Et on vous fait le pari que parmi la centaine d'œuvres exposées, votre regard ne pourra se passer de celle de Rishi. Allez-y donc voir ce que donne l'art marié au feu !

Sedley Assonne

Where is thy Glory Motherland ?

As a child would to their
mother,
I am writing to you
To ask where did you falter?
What must we do?

I am young
And so are you
In the blink of an eye
You turned fifty-five

The promises were many
But our hopes turned blue
Our fields went from green
And turned to concrete

Once golden beaches
Now out of our reaches
Our economy is in stitches
Spoilt are our riches

Held at gunpoint
You weren't
Robbed from within
That you sure were

You were their hostage
Hence the damage
Corruption ran rampage
Let us undo the pillage

Feel our hearts
Beating in agony
Free our minds
From this gluttony

Heal us Mother
So we can heal you
Out with the old
In with the new!
